PROPERTY DESCRIPTION

VIEWS, VIEWS, VIEWS!!! What an incredible location! Nestled at the bottom of a mountain should be enough, but this home sits at the end of a cul de sac with mountains to the north (back yard is stepped up and faces the mountain) and also to the east. With a desert area directly across, this home could not be on a more PRIME LOT! Even though this home sits next to the mountains, it is by no means overshadowed by them as it is every bit the luxury home you would imagine in this premium location. The kitchen has gorgeous maple cabinetry, newer black appliances (refrigerator included), and beautiful solid surface counters. Kitchen opens to the yard where you can enjoy the incredible mountain views from your private pebbletec pool with water feature, built-in seating area and table! Plenty of flagstone-look decking to sun in, a roomy covered back porch, and the terraced back yard with maintenance free faux grass and built-in planters will be your entertainment hot-spot with amazing VIEWS! All 5 roomy bedrooms have walk-in closets (2 walk-ins in the master!), and there is extra storage in a 6x6 room upstairs, the walk-in pantry under the stairway, and 2 extra hall closets downstairs. The master bath has separate shower and tub, twin sinks, and a separate water closet. Soak in your garden tub while gazing at the mountain! Upstairs has an adorable loft area as well as a second full bath with twin sinks and a second door separating the tub/toilet area. This home has a fresh coat of paint (professionally done 12/09), professionally cleaned berber carpets (12/09), and has been professionally cleaned so that you can move right in - unlike the hassle of a bank-owned fixer-upper or a long-term short sale. Come see the attention to detail in this home. Beautiful brushed nickel fixtures. 2" faux wood blinds throughout (installed 12/09). Roomy laundry room with shelving and clothes rack built in. 3 car garage. Soft water system. And HAVE WE MENTIONED THE VIEWS?
